

RoHS Certificate

RoFoam

Schmitz Foam Supply | Version 1.0 (INT) | 2024

DIRECTIVE 2011/65/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment' (recast)

1. Product Name & Producer/Supplier

RoFoam

Schmitz Foam Supply B.V.

Produktieweg 6

6045 JC Roermond

The Netherlands

Industrial Area 7120

T: +31 (0)475 370 270

sales@schmitzfoam.com

2. RoHS Limitations

According to RoHS (EC 2023/171), in homogeneous materials no more than the maximum concentration value by weight shall be tolerated:

Substance	Max. Conc. in w% (m/m)
■ Lead (Pb)	0.1
■ Mercury (Hg)	0.1
■ Cadmium (Cd)	0.01
■ Hexavalent chromium (CrVI)	0.1
■ Polybrominated biphenyls (PBB)	0.1
■ Polybrominated diphenyl ethers (PBDE)	0.1
■ Bis(2-ethylhexyl) phthalate (DEHP)	0.1
■ Butyl benzyl phthalate (BBP)	0.1
■ Dibutyl phthalate (DBP)	0.1
■ Diisobutyl phthalate (DIBP)	0.1

3. Confirmation of Compliance

With this RoHS certificate Schmitz Foam Supply confirms that all polyolefin RoFoam foam products do not exceed the maximum concentration (in w% (m/m)) of the substances mentioned above and are fully compliant with the requirements in EC directive 2023/171 (incl. changes/considerations from 26.01.2023). Responsibility is accepted by us for any system in which RoFoam is utilized or for any application. Qualification, verification and validation of the end product are the responsibility of the customer.

On behalf of Schmitz Foam Supply
